Annual PTA membership is \$20 per person. Dues support our association with the local, state and national PTA, and provide the Fairmont association with insurance and guidance. Additional donations support school enrichment for all students with programs such as our K-3 music program, our drama and science programs, and more. They also support our teachers with a small annual stipend, and pay for other education, cultural and social events. Your Fairmont PTA plans to add other enrichment opportunities for our students - get involved and have your say!

**All donations are
